# SWEATIN IT

**S**oon we'll all be sporting pride to've reached the next rung on our ladder wearing sweatshirts that show off our future Alma Mater.

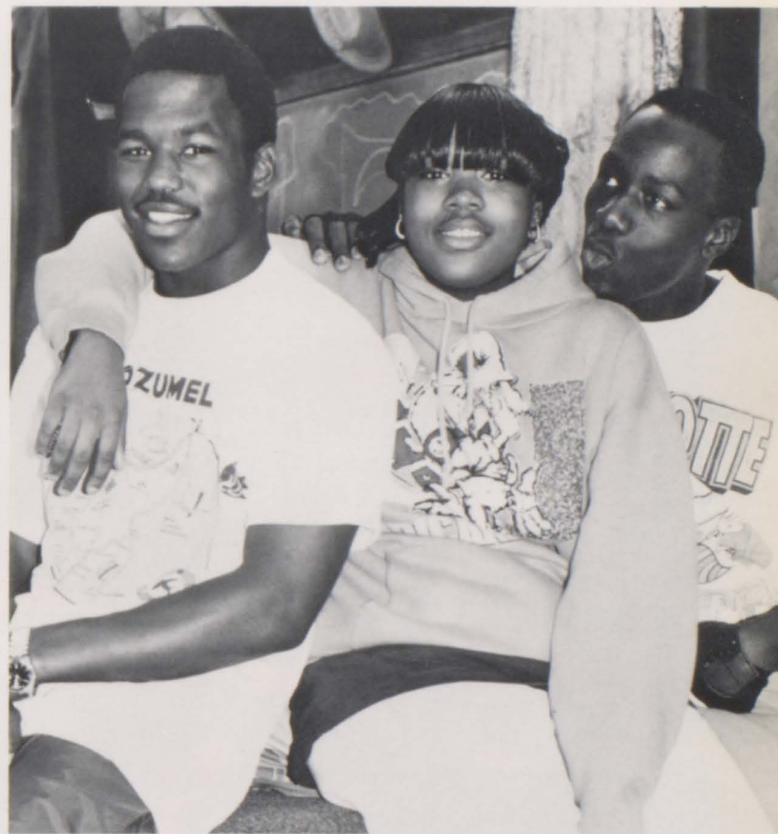

We tried them on for fun while still we're in our high school years but soon we'll leave this all behind with laughter, smiles and tears.

But we all know it's preparation for what we're working toward the colleges and universities providing tools for our new worlds.

# EARING IT

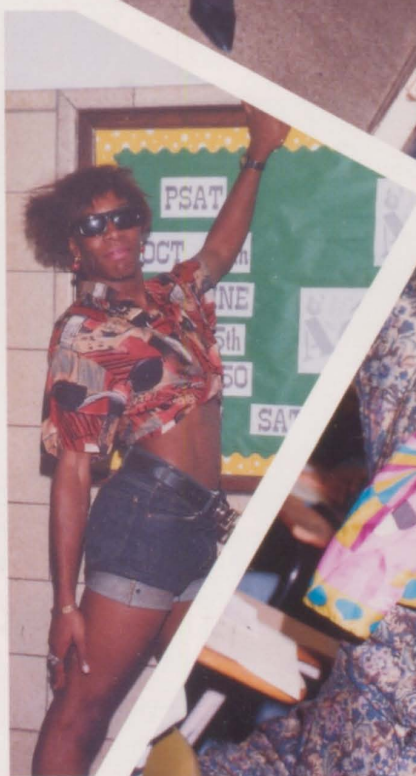

**S**witch Day was like no ordinary day. It presented an opportunity for the students to dress as if they were of the opposite sex.

Little comfort was provided, but insight was profound. They discovered how garments formed paths one would take, whether a kiss on the cheek or a hand to shake.

Prejudices were brought to light, and students learned how it felt to dress like another, a sister not a sister, a brother not a brother.

## NOT A TYPICAL PAJAMA PARTY

# D OING THE NIGHT THING

On October 19, 1993, the seniors held their annual Pajama Day. The senior students seized the opportunity to model all types of sleepwear. The fashion conscious females wore sleepwear designed by Esleep, while the males wore silk-boxer shorts and cotton pajamas. Each student who participated in the event enjoyed it very much.

## LASHIN BACK TO THE 60'S

**O**n October 7, 1993, members of the senior class took a stroll down memory lane. Dressed in bell bottom trousers, mini, maxi skirts, lovebeads, and platform shoes, they relived the sixties.

The guys were crooning the corridors while the girls admired them from afar. It was difficult to tell this was 1993.

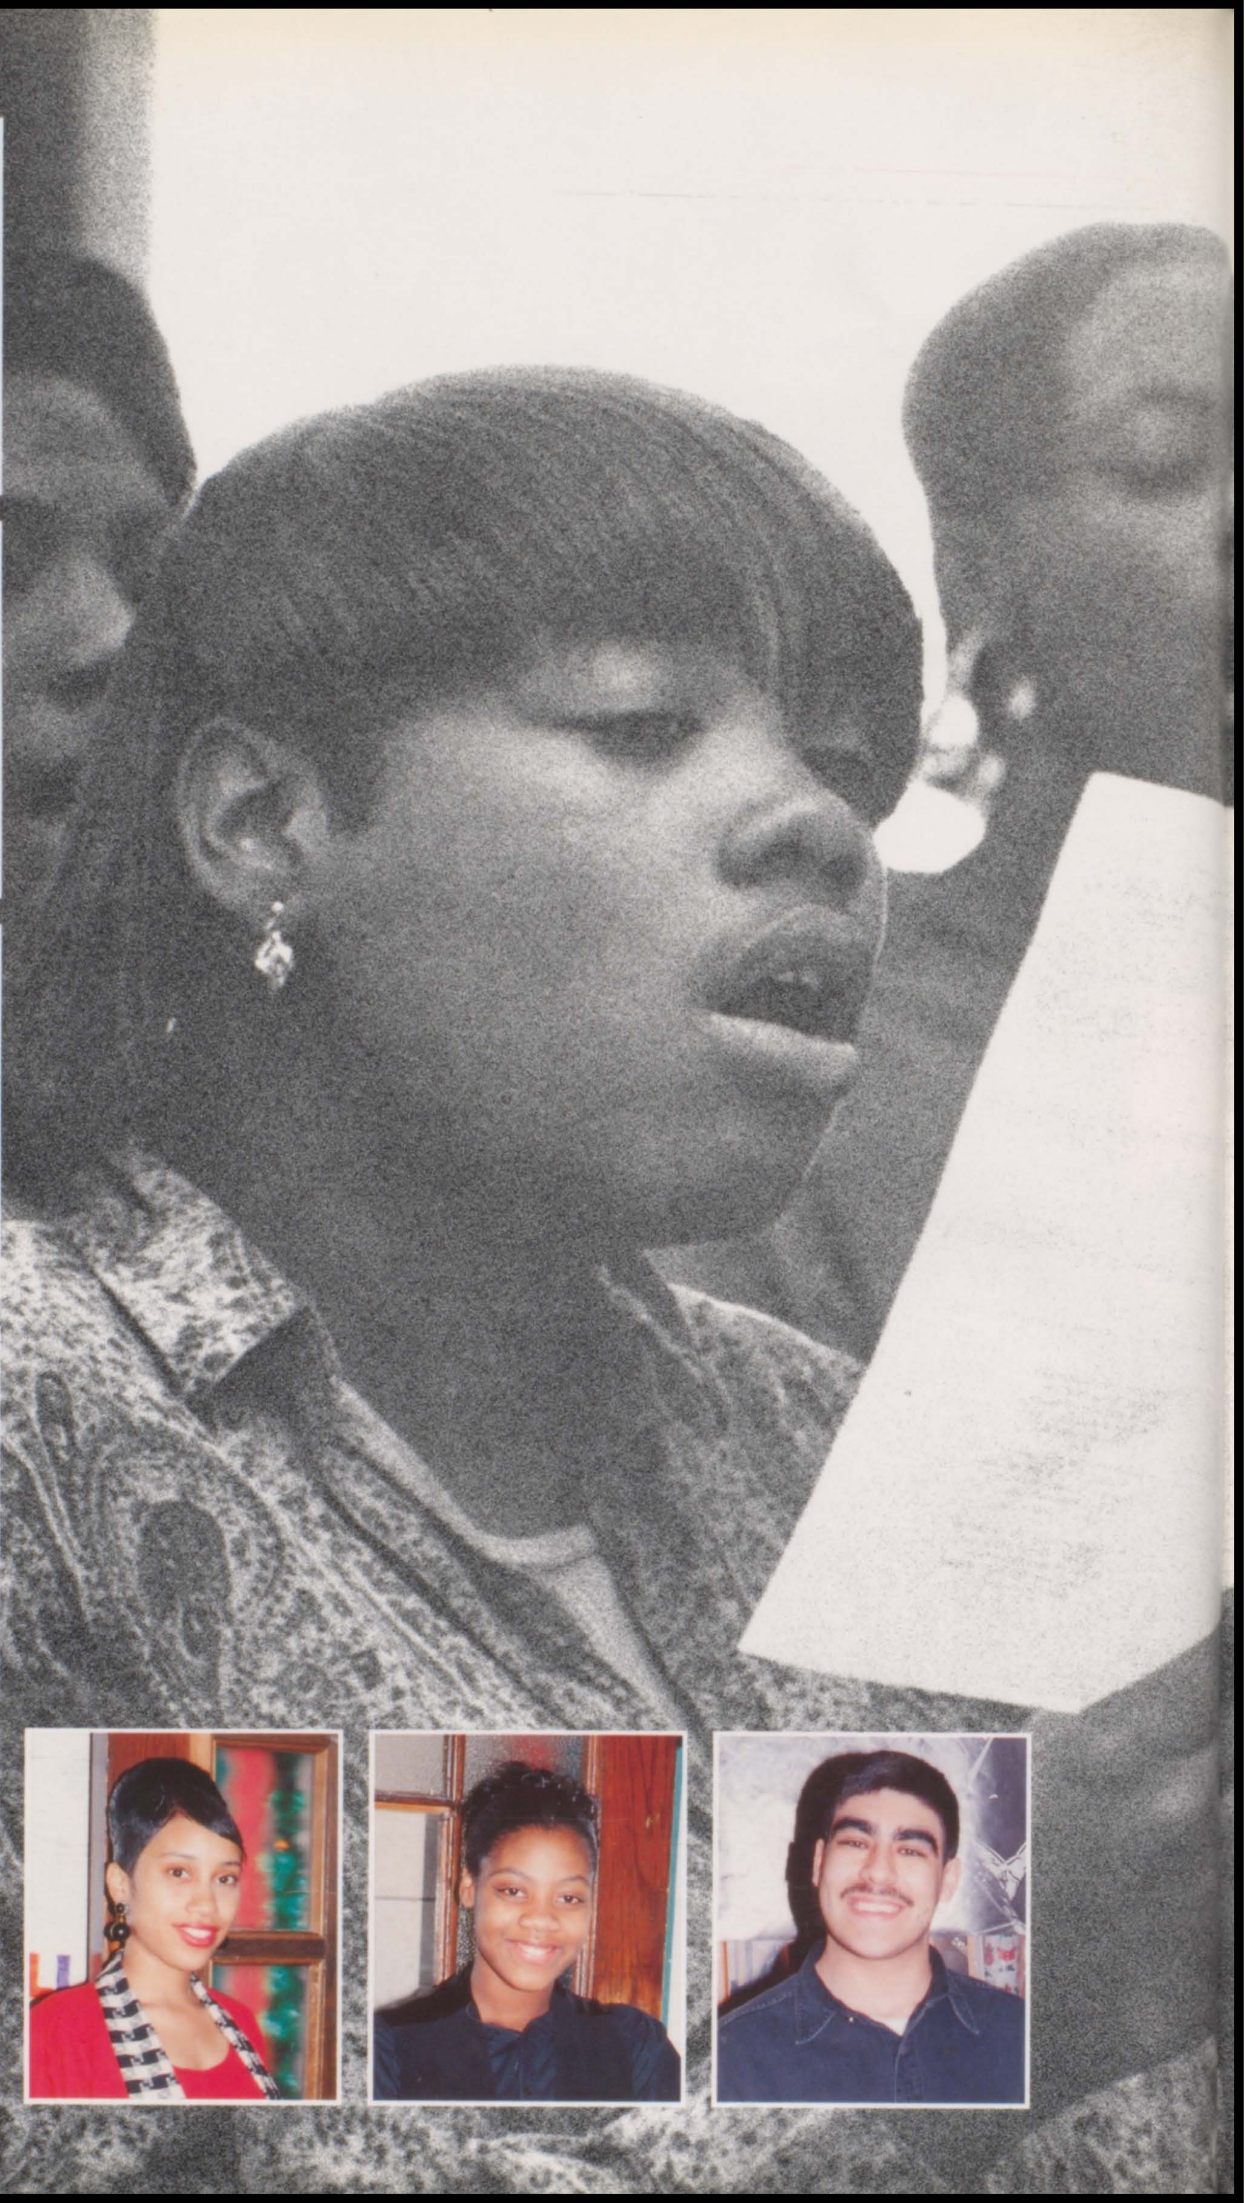

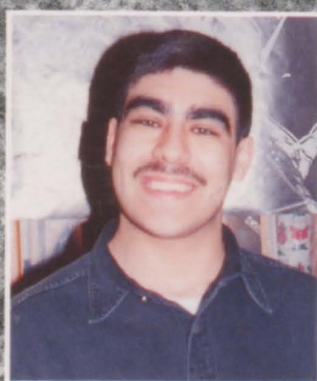

The bouffant hairdo's acapella singing, shoes and clothing were reminiscent of a time gone by.

Congratulations to the graduates of The Class 1994. You have completed the last stage of one of America's societal 'rites of passage' by graduating from high school. The traditional ceremony and the acquisition of diplomas denotes adulthood. Childhood is left behind and the responsibilities and obligations of maturity are now expected to be fulfilled. Those of us who have known you during your formative years have high expectations of you. We know how intelligent and capable you are. Those of us who have been your teachers, hope we have contributed to your lives in ways that will be beneficial in the attainment of goals and objectives that make your life complete and meaningful.

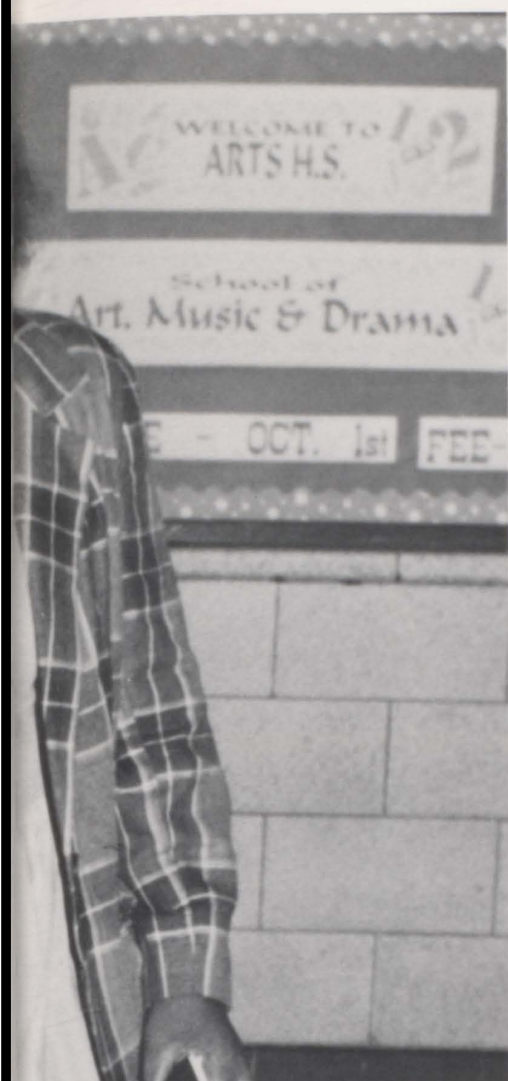

I am pleased to have known you and am very proud of some of the accomplishments that you have shared with me. I am especially pleased with the way you have learned to demand what is yours. You will need to exercise your rights throughout your lives whenever you feel you are treated unjustly.

My good wishes go with you along with my love and support.

## FINE ART

"We can't take any credit for our talents. It's how we use them that counts."

This quote embodies the spirit of the art department. The art students come to Arts High School with a high level of talent and ability. In the various art courses, they develop these skills to an even greater degree. The many artistic experiences afford them the opportunity to create their own distinct style.

As a department, we endeavor to illustrate how the visual arts make an impact on all aspects of society. Whether or not they pursue an art related career, we want our students to recognize this fact and utilize their artistic abilities in all of their pursuits. This will enable them to realize their full creative potential in their own way; hopefully, a way that counts.

## MUSIC

The Music Department offers a full range of vocal and instrumental ensembles as well as instruction in music theory, ear training and music history. Students in the various performing groups, perform for schools and local functions, as well, as participating in Regional, State, and National Festivals.

## ENGLISH

In our efforts to develop our students' critical thinking skills as well as their appreciation for historical and social issues, the Humanities Department has emphasized reading with comprehension, writing with clarity, listening with insight and speaking with logic. It is our sincerest intention to prepare our young people to enter higher education or the world of work with a solid foundation in the Humanities.

## DRAMA

Drama majors are exposed to a full range of offerings during their four years at Arts High School. Freshmen take weekly classes in state scenery construction, sophomores attend productions at the Paper Mill Playhouse, juniors write, produce, and perform an original play for the Paper Mill Playhouse and seniors attend seminars on a variety of topics. Drama students are annually judged the best in the state.

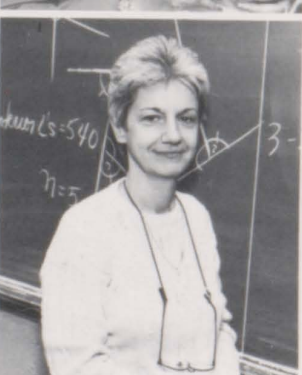

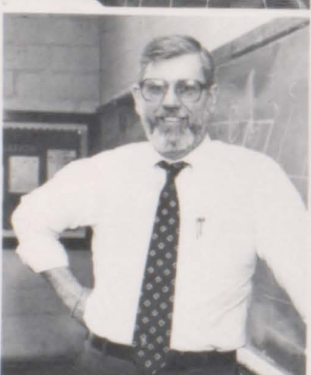

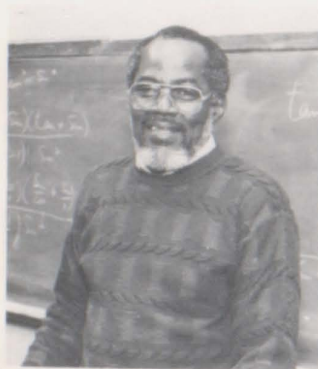

## MATHEMATICS

The math department is working diligently to prepare our students for the 11th grade HSPT as well as to improve SAT and exam scores. Because of the effort to both the math teachers and our students, SAT and exam scores have improved significantly each year. The department is striving to give the best education possible to each student and we maintain that our math program, at ARTS HIGH SCHOOL, is equivalent to any other program in the state.

## SCIENCE

Science becomes more important to everyone as society becomes more technological. The search for answers is on-going through examination and experimentation. The Science Department introduces courses to ignite the spirit of Science. We offer biology to present facts of plants and animals, Chemistry to bring lab experience, and Physics to show relationships of intangible existences.

## SUPPORTIVE STAFF

At Arts we are very proud of our supportive services. It's proof that Arts is keeping up with the times, and taking positive actions against the negatives that prevent many of today's teenagers from getting a proper education. We have a basic skills coordinator, who assist our students in test-taking strategies for the HSPT.

There's our security force, who ensure students and staff freedom from intruders. Not only do they protect the people inside the building, but they also protect the building itself from vandalism. Our nurse, social worker, office and custodial staff also provide necessary services to the faculty and student body.

## Juniors Feel Like "Old Pros"

Juniors felt like "old pros" as their third year of their high school career began. They began raising money--their biggest task for the year--in September. Busy juniors put together bake sales, dances, and candy sales to finance their spring field trip. By May juniors will be looking forward to that most honored title of Senior.

## Takes All Kinds To Make A Class

Sophomores are traditionally the class that is caught in between. But this class is establishing its own identity. They were participants in the Winter Fair as well as the Winter Concert. They showed a great deal of enthusiasm for school sponsored activities.

## A Freshman is . . .

"A person who's 14 or 15 and a ninth-grader, who gets picked on by upperclassmen."

"A freshman is like everyone else." Sophomore students, as well as upperclassmen, had a different view. A lot of them thought of a freshman as being squirrely, immature, and naive. Upperclassmen's definitions of a freshman were: scared, shy, and immature.

## Lost In The Shuffle

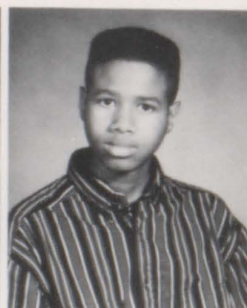

Every ninth grader experiences the confusion of adjusting to high school life. At first, the jumble of new books, new schedules and new teachers has them totally perplexed. Finding a classroom in the maze of hallways is nothing short of impossible. In a short time, however, everything falls into place and they settle into the daily routine.

## STATE OF THE "ARTS"

### Multi-million Dollar Expansion

#### THE BEGINNING OF A NEW ERA

On May 7, 1993, Arts High School broke ground for its new building. Alumni and previous staff of Arts High have said, "For years we have been promised a new building; but somehow the operation never got to first base." Finally, on the afternoon of May 7, 1993, under a bright sunshine, the festivities kicked off about 1:00 p.m. A senior led the line followed by a junior, a sophomore, and a freshman. The event was marked by musical performances by the music department, performances by the drama department, exhibits by the art department, and speeches of praise from politicians. The additions will add two new dining halls, a gymnasium, a state-of-the-art experimental theater, laboratories for science, chemistry, and biology, a television and film production center and library and media center. At last, the long-awaited multimillion dollar expansion took its first significant step in more than 20 years when school and city officials broke ground on the project, ending years of inaction. ## WINTER FAIR EXTRAVAGANZA

### Arts High Holds Annual Bash

Every winter at Arts High School the students, staff, and members of the community get together and throw an "annual bash" to bring in the season. This "annual bash" is known to friends and family as **Winter Fair**. **Winter Fair** gives the students of each major a chance to express themselves in different ways. This year's **Winter Fair** had a large number of participants. Friends and family members of every age were delightfully entertained, and highly impressed with this year's show.

The Arts department added beautiful color and warmth throughout the building with their art work. Art majors painted and sold portraits, calendars, posters, Christmas decorations, and sculptures, all at surprisingly reasonable prices.

The orchestra played familiar tunes to get everyone in the season's spirit. The orchestra played tunes such as: "Winter Wonderland", "Frosty the Snow Man", "Simple Gifts", "Santa at the Symphony", and many more harmonious pieces.

The drama department performed a series of acts and a fantastic dance piece that brought the audience to their feet.

This year marks the last Winter Fair for the class of 1994, however, the memories will linger in our hearts. To the Class of 1995 and beyond, let **Winter Fair** live on forever.

Tisha Campbell and Ms. Caldwell, both graduates of Arts, were seen walking the corridors reminiscing about the "good old days."

## WHAT'S UP TISHA?

### Homecoming For A Former Alumunus

It was homecoming for actress Tisha Campbell, when she paid an impromptu visit with the students at Arts High. The students were quite in awe of this co-star of the hit sitcom, *Martin*.

Tisha spoke to the students in the drama, choral and instrumental classes. The dialogue in these classes was both informative and inspiring. The students were impressed with Tisha's candid manner and her sense of humor.

# WINTER ball

On Thursday, February 10, 1994 the Annual Arts & Sciences Winter Ball was held at the Gateway Hilton in downtown Newark. Even with more than six inches of snow on the ground, more people than ever poured into the hotel. As usual the atmosphere was great, and everyone had a good time. The dance floor was never empty. Music, laughter, and talking filled the air nonstop the entire evening.

Students and faculty agreed that the 1994 Winter Ball will always be an "unforgettable" affair.

# MESMERIZING MUSIC MAJORS

After many cancellations due to inclement weather, the orchestra, band, and mixed chorus finally got an opportunity to perform its Winter Concert. They performed before the faculty and student body. These young musicians mesmerized the audience with classical and contemporary music. The orchestra was under the direction of Mr. Charles Klelis. Mr. Werner Colmon directed the band in many delightful selections. The angelic voices of the mixed chorus proved to be the highlight of the concert. These talented students were directed by Ms. Linda Lanier-Keosaian.

## TRENDS RUN ON

Last year coined as "The Dream Team," the 1994 Jaguar track team are now going through a rebuilding process. Once dominating the Colonial Hills Conference, the mighty Jaguars team must rely on senior stalwarts Kcyied Zahir and Shawn Hay. These two young men are the catalyst of this young team. Coach Monty Dickerson, is very optimistic. He hopes, with a lot of hard work and determination, this young team can reach the heights of the 1993 "Dream Team".

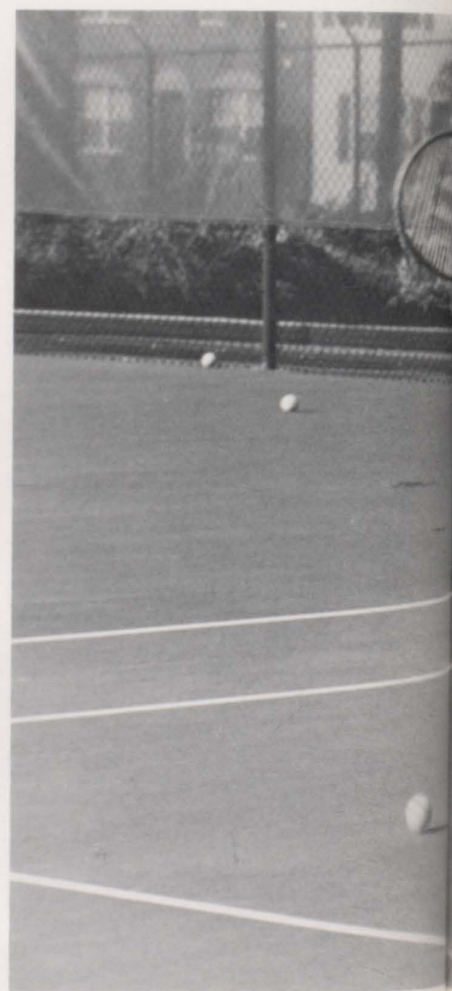

# NETTERS SWING INTO ACTION

A game of strokes, skill and stamina, tennis also doubles as a sport involving highly intense emotion. Each team member trains herself through rigid practice schedules and conditioning along with assistance from tennis coach Rudy Comick. Team members showed up swinging their rackets on the court and jogging everyday no matter what the weather. Usually a warm weather leisure sport, tennis dominated many enthusiasts spare time, however for many team members it proved to rank in importance year round.

Top left: Finally, we are marching!

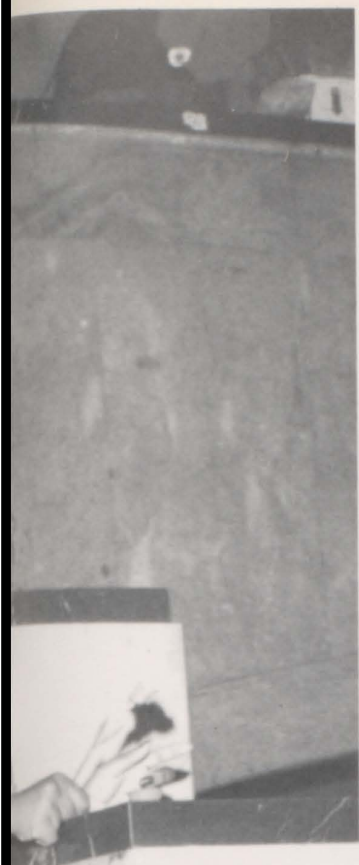

## THE DAY WE BECAME SENIORS

Seniorhood Awaits

Class Day is a traditional day at Arts High in which Juniors become what they have always dreamed of being since freshmen year--a senior. This is a special day for juniors because their dreams become reality. As we marched down the aisle with carnations in hand and shivering knees, we finally realize that we are becoming adults. We are now responsible for setting examples for the underclassmen. With teary eyes and jubilant hearts, we watched as the Class of 1993 put on their final performance; realizing that in a short period of time we will take their place. Class Day was indeed a day that the Class of 1994 will always cherish and never forget.

Top left: Michele Phelps leads the juniors into the auditorium. Right center: Mrs. Anderson, class advisor, hands out flowers.

Right center: Angela Cook directs the class of '94. Below: The junior boys accompanied by two female soloists, sing the Class Day Song.

First, I want to give my regards to my Ma Dukes, who worked so hard and long all her life for me and my sisters. Thank you and I love you mommy. Second, I would like to say goodbye to all of my friends and especially to the ex-boys track team. To, Tim, Levi, Kycied, Cesar, Barry, Chris, my partner, Shawn, and of course, my real coach, Medah Mo, good luck to you all and God bless.

**Quandra Simmons**  
**Instrumental Music**

I would like to give a shout out to Arts High School, and to all the teachers for all the progress that I have made in this school. I would like to say thanks to Ms. Caldwell for all the advice, support, and help. To all my music teachers, thanks for helping me learn more about music. Peace to Arts High School and the class of '94.

**Dashawnda Jackson**

**G**ROOVE THANG---On Friday, February 25, the senior class sponsored it's very first successful fundraiser, a winter fashion extravaganza. Fashions were featured by Harriet Designs, Tri-Designs, Marzell & Akhira Designs, and Cruz Wear. The high-profile models strutted up and down the runway wearing fashions from the 70's to the 90's. Based on the applause from the audience, **GROOVE THANG** was a success. It was a night to remember.
